In some of the parts he finds Hawaii portrayed and everything explained which an American needs to investigate.

## ANOTHER CALL FOR MEN.

The President Issues a Proclamation Calling for Another Batch of Volunteers.

SEVENTY-FIVE THOUSAND THIS TIME.

An Opportunity for Those Who Were Disappointed in Not Being Able to Come In Under the First Call to Evince Their Patriotism, the National Guard Being Practically Exhausted.

WASHINGTON, May 25.—The president has issued the following proclamation:

By the President of the United States—A Proclamation.

WHEREAS, An act of congress was approved on the 25th day of April, 1898, entitled "An act declaring that war exists between the United States of America and the kingdom of Spain;" and

WHEREAS, By an act of congress entitled "An act to provide for temporarily increasing the military establishment of the United States in time of war and for other purposes," approved April 22, 1898, the president is authorized, in order to raise a volunteer army, to issue his proclamation calling for volunteers to serve in the army of the United States.

Now, therefore, I, William McKinley, president of the United States, by virtue of the power vested in me by the constitution and the laws, and deeming sufficient occasion to exist, have thought fit to call forth, and thereby do call forth, volunteers to the aggregate number of 75,000 in addition to the volunteers called forth by my proclamation of the 25th day of April, in the present year; the same to be apportioned, as far as practicable, among the several states and territories and the District of Columbia, 37,500 to population, and to serve for two years.

## EQUIPPED FOR EMERGENCY.

Illinois Go Into the Field Well Equipped with Hospital Emergency Supplies.

CHICAGO, May 25.—The Illinois volunteers will go into the field well equipped with hospital emergency supplies. Each man now wears in his cartridge belt a packet consisting of one yard of sterilized gauze, one-half ounce absorbent cotton and two and one-half drachms each, boric and salicylic acid in powder, to make the dressing antiseptic. The work of making a temporary dressing on the field is thus greatly facilitated. So far as known only the Illinois regiments are provided with this novel equipment, which was suggested by Surgeon-General Senn. It is said, however, the government will fit out all the soldiers this way.

## KEYSTONE BOYS AT FRISCO.

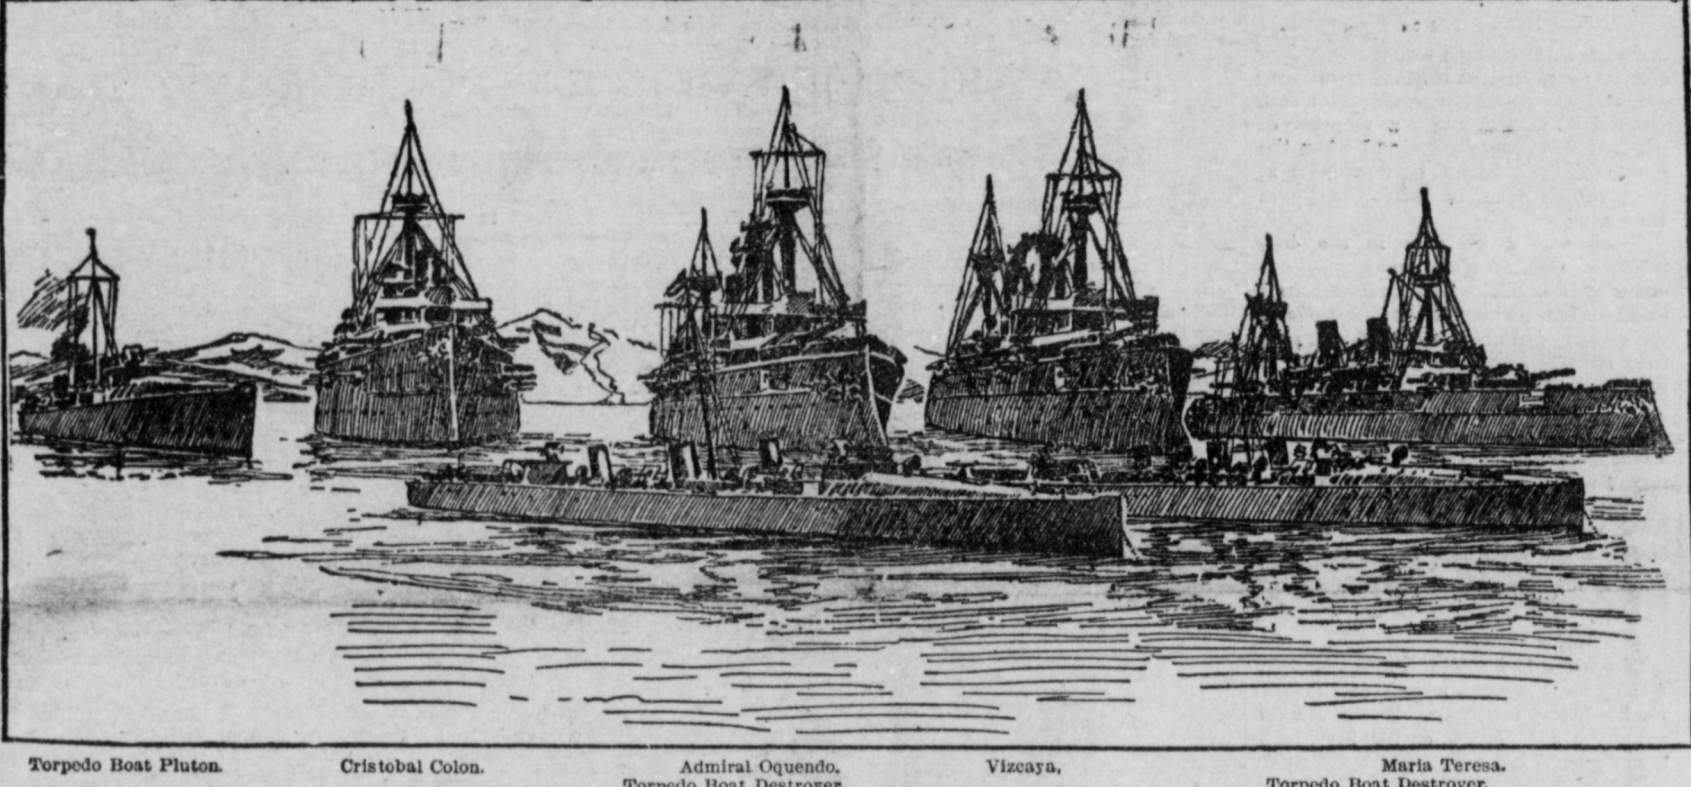

A Noddy and Cordial Welcome Given the Tenth Pennsylvanians on Its Arrival at San Francisco.

SAN FRANCISCO, May 25.—The first battalion of the Tenth regiment, Pennsylvania volunteers, numbering 600 men and 30 mules, arrived at the Oakland mole late Tuesday night, but did not cross the bay to this city until morning. As the ferry boat neared this city all the steam whistles on the water front blew a greeting, and the men on the Monterey and the transport steamer City of Pekin, City of Sydney and the Australia added their cheers to the noise of the whistles and bells. The Pennsylvanians responded from the deck of the ferryboat, cheer for cheer.

The Red Cross society, as usual, took charge of the visitors and conducted them to the rooms of the society where hot coffee, sandwiches and fruit were served to the men. They were hungry and thirsty, and the work of the Red Cross was greatly appreciated. After breakfast each man was presented with a small bouquet of flowers.

The streets were thronged with people who welcomed the soldiers with waving of flags and gifts of fruit and flowers, which the donors passed to the men as they marched along the street on the way to their camping ground at Fort Richmond, where the volunteers are camping.

enlistment and organization will be made known through the war department.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this 25th day of May, in the year of our Lord one thousand eight hundred and ninety-eight, and the independence of the United States the one hundred and twenty-second.

WILLIAM MCKINLEY, By the President.

Secretary Alger said that the additional volunteers called for will not be recruited from the national guard, as were the first 125,000, but that the enlistments will be open. The regulations referred to in the proclamation under which the enlistments will be conducted have not yet been prepared, as it is thought that there is no occasion for hurry in this matter until the full number called for in the first proclamation can be secured. It is further stated that the decision to issue an additional call for volunteers was not reached until the cabinet meeting Tuesday afternoon. The call, it is supposed here, indicates a determination to press the campaign actively and vigorously from now on.

## POUL MURDER AT KEY WEST.

James J. Dorsey Found Murdered, Evidently for Money, in a Yard at Key West, Fla.

KEY WEST, Fla., May 25.—James J. Dorsey was found dead in a yard with a half block of the Key West hotel. His face and head were bruised beyond recognition. This, together with the assault of a negro upon two sailors Tuesday night, has roused the people to demand that the city be put under martial law.

Dorsey was 55 years of age, an old-time Florida expert machinist. He had received a considerable sum of money in wages Tuesday night, and was undoubtedly murdered for his money. He was so terribly beaten about the head that only a search of his clothing revealed his identity.

## Smashup at Pontiac, Ill.

PONTIAC, Ill., May 25.—An extra freight train ran into the St. Louis passenger train No. 8, near here. Two empty freight cars and one car of grass were badly smashed. There was no damage done to the engine or passenger cars, and no employes or passengers hurt.

## Manila Is Tranquil.

LONDON, May 25.—A dispatch to the Times from Hong Kong says: "Manila is tranquil. The foreign cruisers have agreed upon concerted action for the protection of foreigners in any emergency."

Thomas Wright was convicted of murder in the first degree at Dublin, Tex. He killed Constable John Adams. Texas troops continue to organize. Enlistments of recruits to the regular army in the Lone Star state have been large.

The iron pipe manufacturers of the south have consolidated, making the largest company of its kind in the world.

Ugly rumors of under-feeding and poor care of the 20,000 recruits at McPherson barracks, Atlanta, Ga., are beginning to circulate.

The Sixth Illinois regiment at Fort Meyer, Va., has been greatly withered by Ohio and Massachusetts troops. The sickness at first reported is fast disappearing.

Extensive preparations are being made by the grand army posts of St. Louis and surrounding districts for the celebration of Decoration day, May 30. The Sons of Veterans and other allied organizations will take part in the celebration.

## THE ARMY OF VOLUNTEERS.

One Hundred and Twelve Thousand Men Have Been Mustered—Some of the Southern States Shy.

WASHINGTON, May 25.—One hundred and twelve thousand men have been mustered into the volunteer army of the United States, and the official reports show that the greater number of these are ready to move to the front. Over two-thirds of the states have entirely completed their musters, and should the emergency arise are prepared to begin anew the work just completed. The failure of some of the states, notably four or five in the south, to furnish the men called for up to this time, is a surprise to the army officers on duty here, but is ascribed not to a lack of patriotism but to a belief, probably shared by many, that the national guardsmen had home ties and business connections which they could not well afford to give up and that plenty of other persons, not so encumbered, would readily be found to take their places. Ample time will be given the states referred to to fill the appointments made by the war department, and the expectations here is that this will be accomplished without much further delay.

## Lieut. Sobral in the Role of a Spy.

NEW YORK, May 25.—A special from Key West says that the man arrested yesterday on board the steamer Panama on suspicion of being a Spanish spy, is Lieut. Sobral, formerly naval attaché of the Spanish legation at Washington.

## Denies That the Cable Is Cut.

KINGSTON, Jamaica, May 25.—The War and Navy departments of Cuba deny that the cable lines from Santiago de Cuba to San Juan de Porto Rico and Ponce have been cut. The company adds that Porto Rico messages will be received.

## Killed by a Cave-In.

ST. LOUIS, May 25.—By the caving in of a sewer excavation Herman Schmitz, aged 25, and August Wisman, aged 28, were killed. The Bellmann barely escaped with his life.

## Expect to Cut the Last of Blanco's Cables.

WASHINGTON, May 25.—It is expected that the last cable connection between Cuba and Madrid will be cut to-day.

## A DIVERSITY OF VIEWS.

American and Anti-American Feeling Reflected Through the London Newspapers.

## THE FORMER LARGELY PREDOMINATES.

The St. James Gazette becoming distinctly more friendly—The Westminster Gazette strongly advocates a distinct understanding between Great Britain and the United States.

LONDON, May 25.—In the newspapers to-day there are several striking instances of American and anti-American feeling. While the majority of the papers allude with pleasure to the references to the queen in Tuesday's celebrations at New York and Tampa, and in the prayer of the chaplain of the senate, the Morning Post has allowed to appear in its columns a violent denunciation of America from Hon. Stewart Erskine, a brother of Baron Erskine, who alludes to America's "Present immoral warfare against Spain," and asserts that the sentiment of the country which is worth having is for Spain.

On the other hand, the St. James Gazette, which has hitherto been bitterly anti-American, seems to be becoming much more friendly. It says, regarding the disposition to blame America for the slow progress of the war:

"Sailors who know the Pacific and the Caribbean seas are well aware that delay is the essence of a naval war. They remember that Nelson found it difficult to discover the Spanish fleet somewhere between Jamaica and Cadiz, and they realize that this slow process

is not interesting, but the presence of the gunboats around the Azores and the Canaries means that the American officers are getting the range of every gun of the batteries that will later oppose the landing of the troops, just as Nelson did on a similar occasion."

The Westminster Gazette strongly advocates a distinct understanding between the United States and Great Britain. It says: "The Americans are not going to step out of their continent without raising a variety of questions which will involve them with the European powers. Their Monroeism, in so far as it relates to South America, is likely to be questioned anew, and a European squeeze is likely to be applied to them from many parts. Therefore, it is highly desirable for them, as well as for us, that there should be a British-American understanding, and it behooves some countries to consider before they are too late."

Volunteers in Mimic War.

The First Division of the First Corps, engaged in a sham battle on Snodgrass Hill, Chickamauga.

CHATTANOOGA, Tenn., May 25.—Battle of the first division of the First Corps began the day's work at Chickamauga. The exercises began at 6 a. m., and were witnessed by Inspector-General Breckinridge and many other officers. The first and second brigades of the division assaulted the third brigade, which was intrenched on Snodgrass Hill, and a highly exciting, as well as a very creditable, sham battle occurred.

By actual count the number of men now in Chickamauga park is 35,884. There are 35 regiments of infantry, two of cavalry and eight batteries of artillery. Ohio has furnished the greatest number of men. She has six regiments with 5,328 men on the field, Pennsylvania, which ranks next, also has six regiments, but a slightly smaller number of men. As far as equipment is concerned, the army will be ready to move on Cuba within 15 days.

First Pension Voucher of the Present War.

CHICAGO, May 25.—Col. Jonathan Merriam, the United States pension agent at Chicago, issued the first pension voucher of the war with Spain. It is for Mrs. Elsie A. Montfort, of Council Bluffs, Ia., mother of Seaman Wm. F. Montfort, who was a victim of the Maine explosion in Havana harbor, September 18.

Little Doubt of the Fact in Now Entertained Among High Officials at Washington.

## SCHLEY WATCHING SANTIAGO DE CUBA.

The President Officially Informed of the Arrival of the Oregon and Consents at Jupiter Inlet—Sampson's Fleet Said to be Now in the Neighborhood of Havana—A Daylight Report.

WASHINGTON, May 25.—Secretary of the Navy Long was at the White House during the morning to see the president, spending only a few minutes each time. On leaving the second time he made the important announcement of the safe arrival of the battleship Oregon at Jupiter Inlet, Fla., Tuesday night. At the same time Secretary Long, while expressly stating that no official advice had been received of the bottling up of the Spanish fleet in the harbor of Santiago de Cuba by Commodore Schley's squadron, announced that there was every reason to believe that was the case. There is so little room for doubting the report that Admiral Cervera and his vessels are penned in the harbor by Commodore Schley's squadron, that Secretary Long's statement that there was every reason to believe that it was, was supplemented by the president, who, in reply to inquiries from congressional callers said that it was undoubtedly true. Secretary Long had only a brief talk with the president over the matter. The safe arrival of the Oregon at Jupiter had been discounted to some extent by previous announcements of its safety. Commodore Schley's catching up with the Cervera's fleet, was a source of much congratulation, for in the conferences that took place in the White House there was a feeling that it brought the end of the war nearer. Admiral Schley's possible ability of a case of some sort arising from Admiral Cervera deliberately entering the harbor under the circumstances, Secretary Long said the purposes of the Spanish fleet could be only conjectured, but that it might be they went into Santiago for coaling. While refraining from discussing specifically the matter of reinforcements and the dispatch of Admiral Sampson's fleet, now asserted to be in the neighborhood of Havana, to Santiago, Secretary Long had no hesitation in saying Commodore Schley could have whatever aid he wanted.

## Confirmatory Report.

PORT-AU-PRINCE, Hayti, May 25.—The report of the arrival of the Spanish Cape Verde fleet at Santiago de Cuba is correct. A correspondent here has been able to obtain definite confirmation of this news, but up to the present it has been impossible to obtain any details. The dispatches sent from here to Santiago de Cuba asking for information on the subject remain unanswered.

## AS VIEWED AT KEY WEST.

While Nothing is Definitely Known, It Is Believed the Spanish Fleet Has Committed Suicide.

KEY WEST, Fla., May 25.—There is nothing definitely known here about the possible operations in eastern Cuba, but the view is expressed at this place that the Spanish fleet is blocked in Santiago harbor, in which event the naval opinion here is that the Spanish fleet has "committed suicide."

It is now a breach of confidence to say that Commodore Schley and Rear Admiral Sampson are believed to have Admiral Cervera within their reach, and if the Spaniards are in Santiago harbor, they can be blockaded and starved out. A single heavy American vessel can hold the harbor's narrow exit, through which the Spaniards could emerge only singly. The Spanish fleet is very fast, but it is not composed of heavily armored vessels. Indeed, any of Admiral Sampson's battleships could, in the opinion of naval experts, engage the entire Spanish fleet with a fair chance of coming off victorious. The American commander has not only ships for battle, but for the chase as well. This is the view here where the movements of the American fleet are approximately well known.

## LOCAL NEWS.

Miss Maggie Barnett, of Manitou, visited relatives here Sunday.

Misses Lillie and Ada Toombs are visiting relatives near Nebo this week.

W. E. Bourland and family, of Dixon, visited relatives here the past week.

Mrs. Ed Holt and little daughter and Mrs. Cordier, of Nashville, are visiting relatives here this week.

Quite a crowd of young folks from Madisonville spent the day picnicking at Loch Mary at this place Tuesday.

Three new members were received into the Christian Church on Sunday by Elder J. H. Teel, pastor, at the regular fourth Sunday services.

There were two additions to the church and one infant baptised by Rev. S. H. Lovelace, pastor of the Methodist Episcopal Church, South, Sunday.

The people of the country were disappointed that Tuesday's rumors of a victory for Sampson were unfounded, but all confidently look for such news.

The St. Bernard store and drug store and the Company's offices are ablaze with Old Glory and the Cuban colors brought recently by Mr. Geo. C. Atkinson from Cincinnati.

In recognition of what was supposed to be a confirmation of another great naval victory, Chas. McFadden brought to The Bee force a supply of fragrant flowers yesterday morning as he had said he would when another battle was won. The Bee thinks of putting up another bulletin today.

Mr. Jno. M. Victory has been in quite poor health for some time past and last week was unable to leave home. On Sunday afternoon he left for Hot Springs in search of health and strength, though he was scarcely able to get up. His family and friends believe that the springs will greatly benefit him and look for his return in greatly improved condition.

The Iowa volunteers who passed through Earlington Sunday made an exceptionally good impression on our people. There were Y. M. C. A. boys and Christian Endeavorers among them and they are spoken of as a gentlemanly set of fellows. They gave a vigorous and prolonged "college yell" as the train left town. The yells of the soldier boys are usually individual and greatly varied and it was something new to hear a yell in unison like that.

Bob Stevens leg was not cut off. It was only a case of a caller who couldn't read. The message was for Steve Mothershead and Steve was at lodge. The caller called at the lodge room and reported he had a message for Enfield Stevens—who wasn't there. He also called at Enfield's home and he wasn't there either. Surmise and rumor got to work and had Bob Stevens' leg cut off, when it was only a wrecked caboose at Guthrie that needed attention. They say Bob was mad.

**Eloped.**  
John Childers and Miss Jodie Clayton, of the Shakerag neighborhood, Hopkins county, eloped via Earlington, Monday morning on the early train to Springfield, Tenn., where they were married. They returned on the same morning.

**She Ate Nails.**  
A fine Jersey cow belonging to Mr. James Crenshaw died last Monday morning from an unknown cause. John Trice was called in to hold a post mortem examination, which he did, and discovered a handful of nails in her stomach. Some were crooked, some straight, some much corroded as if they had been in the animal's stomach for some time, others straight and almost new looking. It was a fine cow and a pet of the family.

**Ascension Services.**  
Ascension services were held last Thursday night at the Baptist Church, Madisonville, as previously announced. Rev. J. S. Cheek preached the sermon. Notwithstanding the stormy and very threatening weather a good congregation was out, and the sermon and whole service was greatly enjoyed. Largely through the kindness of Mr. C. T. Wells, who always has at hand some very choice growing plants, the floral decorations about the pulpit were both rare and beautiful. Miss Katie Pemberton presided at the organ and the choir rendered the sweet music. Miss Clark rendered a solo in very pleasing manner.

## NEWS FROM THE HOME COMPANY.

### Two Letters from Members of Former Company E, Now Company A.

Two letters were received here yesterday from members of former Company E, now Company A, Kentucky Volunteers. One was from Lieutenant Paul P. Price and the other from private Carl Woolfolk. Both confirm the story of the three deserters from the company on the eve of being mustered and their letters indicate how strong is the feeling in camp against deserters.

Lieut. Price's letter is dated the 23d. He says in part:—

"The boys are all getting along nicely excepting one and he is in the Hospital but will be able to come back to camp in a day or two."

"We began drawing our Government supplies today. If the mustering goes on as rapidly as it has today we will get away from here the last of this week."

"Remember me to the friends. Tell the boys I am getting fat and will soon be up to my old standard."

Carl Woolfolk has not forgotten his Odd Fellows lodge and writes that he has seen nineteen degrees conferred since he reached Lexington. Earlington people are much interested in the boys and delighted to hear from them.

From the Fairhaven (N. Y.) Register.  
Mr. James Rowland of this village states that for twenty-five years his wife was a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but she never applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or pain and finds it always gives relief. He says that no medicine which she had ever used did her as much good. ## Grigsby's Cowboys.

Col. Grigsby and his "Cowboys" from Montana, Nebraska and the Dakotas passed through Earlington Sunday morning. Their passing attracted much attention from many citizens. They were supplied with the bucking broncho and were true "cattle punchers," cool, quiet and fearless, halting in their gait afoot but like a winged bird of prey when in the saddle.

Col. Grigsby is a handsome man of 52 years, referred to by a writer of a regimental song as a "Smoked Yankee," who saw service in the Federal army during the civil war and, as he says, "had the honor to surrender twice." Once he surrendered to General Joe Wheeler, and the Colonel said he would now probably be placed in Wheeler's division.

When asked for a speech Col. Grigsby said good naturedly that the time for talking had passed. Grigsby's "cowboys" and Roosevelt's "rough riders" will be heard from when they get to the front.

## COMPANY D'S TROUBLE.

### Statements all Around as to the Reasons.

#### RESOLUTIONS FROM HOPKINSVILLE.

### Capt. Feland out in a Card Assuming the Responsibility.

The trouble of Company D, Hopkinsville State Guard troops is a matter of the most sincere regret to all Kentuckians, whatever its origin, and upon whomsoever may rest the blame. The outcome of the affair is that Capt. John Feland and about two thirds of the company returned to Hopkinsville. The rest remained and enlisted in other companies.

The expressions of those principally concerned in the deplorable incident follow.

#### Resolutions.

The following resolutions were passed at a meeting of Hopkinsville citizens:

Whereas, In times like these when every city and community is sending forth their young men to answer their country's call in a struggle which should enlist the cooperation of all patriotic Americans, we the citizens of Hopkinsville in mass convention assembled, deplore the unfortunate disruption of the Latham Light Guards, Company D, composed of the best young men of our city, now in Camp Collier, Lexington, it is, therefore,

Resolved, By this convention, that our sympathies are tendered to these gallant boys who are earnest in their determination to fight for their country.

Resolved, Further, that his excellency Gov. Bradley be requested to withdraw his appointment of Capt. Noel Gaines as Captain of Company D and allow the members of said Company to select their own Captain and commissioned officers without executive interference. Be it also

Resolved, That it is the sense of this convention and of the people and of the city that Company D represents, that in the event this right honored custom as expressed this day in resolutions forwarded to Gov. Bradley, choose the commissioned officers under whom they are to serve, is denied and refused by Gov. Bradley, that we will welcome their return home honored, respected and loved as when they departed from us.

These resolutions were telegraphed to Gov. Bradley and his reply by telegraph is as follows:

#### The Governor's Reply.

FRANKFORT, Ky., May 20.  
DR. ANDREW SACRENT, Chairman.  
Information is that a large majority of the Company do not desire to go to war. There are now only thirty in camp. Have not commissioned any one to command that Company as there is no one to command. Gen. Collier authorized Gaines to recruit to fill up the Company and agreed that those remaining should be re-commissioned officially. Gen. Collier says Capt. Feland requested that he should order him to proceed with such members of Company D, as did not desire to enlist in Hopkinsville and reorganize a company for State Guard service, and this being true you should service your complaint to Capt. Feland and those who desire to go home rather than to me.

W. O. BRADLEY.

Here is what Adj't Gen. Collier says about it:

"The company had become disorganized and disbanded, only a few men were left. Captain's having been intoxicated and incapacitated for duty. Finally, at the request of Capt. Feland and upon the best of everything in their line for the best of the kind manufactured. I take pleasure in recommending it." It is a specific for all bowel disorders. #### An Entertaining Druggist.

There are a few men more wide awake and enterprising than the St. Bernard druggists who spare no pains to secure the best of everything in their line for the best of the kind manufactured. I take pleasure in recommending it." It is a specific for all bowel disorders. For sale by St. Bernard Drug Store, Earlington; George King, St. Charles; Ben T. Robinson, Morgans Gap.

"The copy which I hold in my hand was made by myself. Feland himself was my original draft and he was pleased to get out without further trouble. I regret the necessity of having to make the circumstances public, but I feel that the misrepresentation of the motives governing this department would greatly injure its efficiency at this time."

"Capt. Gaines and Lieut. Casey, who were on the ground, were authorized to raise a company to take the place of Feland's company, and were directed to enlist in the new company such members of Feland's company as desired to remain, and if a sufficient number of them remained to justify they would be given a Lieutenant's place in this new company. This step was taken in order that the regiment might be mustered in as soon as possible."

Lieut. E. B. Bassett makes the following journal:

Hopkinsville, Ky., May 22.—Please correct statement made by your Camp Collier correspondent in Saturday's paper, quoting me as saying there was talk here of hanging Capt. Feland. I said no such thing, and did not mention the Governor's name in any derogatory sense, nor did I connect my name with Capt. Feland's regarding any financial transaction in reference to the State Guard or otherwise.

I am a conservative business man of this city, and in my capacity as First Lieutenant of Company D I have faithfully performed every duty, being diligently engaged in securing the recruits necessary for mustering the company into service when the trouble at Lexington arose and culminated. I was kept in ignorance of any trouble until, in response to my request for transportation for my intentions, and the Governor had appointed Dr. Casey in my stead. In view of this nothing remained for me but to return home, though promised by Col. Smith that he would rectify the matter in any way I should suggest.

By adhering to my duty as a citizen and a soldier, I had hoped to be exempt from newspaper controversy or card-writing, but have been the victim of designing politicians or place-hunters, or else the machinery for shielding others' faults. It is but simple justice that you make the corrections asked and publish the facts stated herein, which from my high opinion of your fairness and impartiality, I confidently believe you will do.

E. B. BASSETT.

Capt. Feland publishes the following card in which he declares himself responsible and asks that the boys of the company be not censured:

Hopkinsville, Ky., May 24, 1893.

To the people of this vicinity:

In my bitterness I have at times railed against those whom I thought were unnecessarily hounding me, but I want to retract all I may have said in condemnation, or in mitigation of my own offense, and now I bare my breast for the reception of whatever poisonous darts you may wish to hurl against me.

My greatest regret is that your bitterness necessitates the crushing of innocent loved ones as well as my punishment. I thought once of making a full statement in regard to this matter but space will not permit me to do so. I believe that in your present state of feeling you care to hear my side of it. At any rate I cannot close without reaping my plea in behalf of my men, to whom I am still devoted. Don't blame them. Don't deride them. They have done nothing amiss. They are entitled to your love and respect.

I received from Mr. John C. Latham, New York, five hundred dollars on the eve of our departure. How this money was expended is a matter which I cannot say. I suppose will sever my connection with an organization I labored hard for and in the success of which I found my greatest joy. Very respectfully,

JOHN FELAND, Jr.

#### Too Late for Request.

A telegram signed by prominent citizens and close personal friends of Gov. Bradley was sent to the Governor Monday afternoon from Hopkinsville, asking him to authorize the reorganization of a company to be known as Company D. The following response was received that evening:

"Col. Smith says regiment will be full tomorrow. Demand for completion so urgent can not wait."

W. O. BRADLEY.

**Impure Blood in Spring.**

This is the almost universal experience. Diminished perspiration during winter, rich foods and close confinement indoors are some of the causes of impure blood. Medicine, like Hood's Sarsaparilla, is absolutely necessary to purify the blood and put the system in a healthy condition at this season.

## THIRD REGIMENT

### May Move This Week, Possibly to Washington.

#### Three Deserters From the Home Company.

Camp Collier, Lexington, Ky., May 24.—The Third regiment will not retain its old lettering. The new lettering has been arranged and as each company is mustered in it is given its new letter.

Following is a table showing the old and new lettering, the Captain and home town of each company as given by Regimental Adjutant R. S. Mitchell, the old company letter appearing in parentheses: A (E), Madisonville, Capt. Burchfield. B (A), Bowling Green, Capt. Clarke. C (C), Bardonia, Capt. Beckham. D (G), Hartford, Capt. Keown. E (D), Hopkinsville, Capt. Gaines. F (H), Owensboro, Capt. Feland. G (F), Glasgow, Capt. Kelley. H (I), Henderson, Capt. Atkinson. I (B), Morgantown, Capt. Howard. K (K), Paducah, Capt. Feland. L (M), Lexington, Capt. Reynolds. M (L), Vanceburg, Capt. Brewer.

Seven companies in the Third regiment have been mustered in up to this morning. The Henderson company will be mustered in tomorrow. That will make only three more to be mustered, and they will be completed by Friday.

#### Col. Smith's Staff.

Col. T. J. Smith and his entire staff and field officers were examined by the surgeons this morning, and so far as any of them know all passed. Following is the staff of the Third:

Colonel—T. J. Smith. Lieutenant Colonel—Joseph Henry. Major—H. H. Watt, D. G. Colson and G. C. Saffarans. Regimental Adjutant—R. S. Mitchell. Quartermaster—(rank First Lieutenant) —Strange. Surgeon Major—Frank Boyd. First Assistant Surgeon—Bell. Second Assistant Surgeon—Garrett. Battalion Adjutants—G. E. Snell, A. G. Sharpley and J. F. Simcox. Chaplain—F. M. Thomas. Scribe—Gordon Nelson. Quartermaster Sergeant—M. F. Martin.

#### The Third to Move.

It is stated here on what seems the best authority that orders have been given the C. & O. Railroad Company to have a train in readiness to move a regiment of Kentucky troops some time the latter part of this week. It is believed that this train is to move the Third regiment to the East.

#### Three Deserters.

Dave Smith and C. L. Cates, of Earlington, deserted from Capt. Burchfield's company Friday and W. W. Davis, of Barsley, refused to muster when the time came Saturday morning. Capt. Burchfield put Davis in the guard house and worked him all morning and after dinner turned him over to the boys of Company E, who drummed him out of camp in disgrace and told him to get home the best way he could. These deserters are denounced as cowards and scoundrels, particularly as they lived off the company two weeks at home, got transportation to Lexington and lived off the Government two weeks longer then deserted at the last moment. Col. Castleman, of the First regiment says men who desert could be "arrested and fined \$100 each and imprisoned for a year" but the officers are "glad to get rid of such cowards and mischief makers."

For that tired feeling you must enrich and purify your blood. Hood's Sarsaparilla is the medicine you need.

#### Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle gave me a decided improvement, and I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try them. Only 50c per bottle at St. Bernard Drug Store."

## A Handsome Acknowledgement.

Miss Helen Miller Gould has acknowledged the receipt of a certificate of deposit for \$100,000, which she donated to the United States for use in the war. Her letter was addressed to Treasurer Roberts, and read as follows:

"When you stated in your letter of May 7 that a certificate of deposit would follow in due time I had no expectation of receiving such a handsome acknowledgement of my gift to the Government as the certificate that has reached me. I am much pleased with it, and shall always value it highly. Very sincerely,

HELEN MILLER GOULD."

The certificate was prepared by the best penman of the department, and in addition to being a splendid example of penmanship, is quite artistic. It recites the purpose for which the gift was made, and at the top is an eagle with outspread wings, the drawing and lettering being done entirely with a pen.—Washington Telegram to the Chicago Inter Ocean.
